

Selecta Biosciences to Present at Two Upcoming Investor Conferences in November

November 8, 2016 8:01 AM ET

WATERTOWN, Mass., Nov. 08, 2016 (GLOBE NEWSWIRE) -- [Selecta Biosciences, Inc.](#) (Nasdaq:SELB), a clinical-stage biopharmaceutical company developing a novel class of targeted antigen-specific immune therapies, today announced that Werner Cautreels, Ph.D., President, CEO and Chairman, will present at two upcoming investor conferences in November:

- **Stifel 2016 Healthcare Conference:** Corporate presentation at 2:15 p.m. ET on Tuesday, November 15, 2016 in New York, NY.
- **28th Annual Piper Jaffray Healthcare Conference:** Fireside chat at 2:00 p.m. ET on Wednesday, November 30, 2016 in New York, NY.

A live and archived webcast will be available on the Investors & Media section of the Selecta website at www.selectabio.com.

About Selecta Biosciences, Inc.

[Selecta Biosciences, Inc.](#) is a clinical-stage biopharmaceutical company developing targeted therapies that use immunomodulators encapsulated in nanoparticles to induce antigen-specific immune responses to prevent and treat disease. Selecta's proprietary Synthetic Vaccine Particle (SVP) technology is a highly flexible nanoparticle platform, capable of incorporating a wide range of antigens and immunomodulators, allowing the SVP-based products to either induce antigen-specific tolerance or activate the immune system.

Selecta's focus and strategy is to leverage its SVP immune modulating platform to develop and commercialize highly differentiated life-sustaining biologic drugs that are uniquely capable of mitigating the formation of anti-drug antibodies (ADAs). Proprietary programs that use SVP-Rapamycin to enhance efficacy and safety of therapy include SEL-212, Selecta's lead Phase 2 clinical program in chronic refractory gout, and two gene therapies programs for genetic metabolic diseases. Tolerance-inducing SVP biological products also have potential applications in the treatment of allergies and autoimmune diseases.

Selecta is also developing SVP products that activate the immune system to prevent and treat cancer, infections and other diseases.

Selecta is based in Watertown, Massachusetts, USA. For more information, please visit <http://selectabio.com>.
