This proxy statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission ("SEC") and that is designed to assist you in voting your shares.

Notice of Internet Availability of Proxy Materials. As permitted by SEC rules, Selecta is making this proxy statement and its 2018 Annual Report available to its stockholders electronically via the Internet. On or about April 29, 2019, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the "Internet Notice") containing instructions on how to access this proxy statement and our 2018 Annual Report and vote online. If you received an Internet Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you specifically request them. Instead, the Internet Notice instructs you on how to access and review all of the important information contained in the proxy statement and 2018 Annual Report. The Internet Notice also instructs you on how you may submit your proxy over the Internet. If you received an Internet Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Internet Notice.

Questions and Answers about the 2019 Annual Meeting of Stockholders

Who is entitled to vote at the Annual Meeting?

The Record Date for the Annual Meeting is April 17, 2019. You are entitled to vote at the Annual Meeting only if you were a stockholder of record at the close of business on that date, or if you hold a valid proxy for the Annual Meeting. Each outstanding share of Common Stock is entitled to one vote for all matters before the Annual Meeting. At the close of business on the Record Date, there were 44,788,025 shares of Common Stock outstanding and entitled to vote at the Annual Meeting.

What is the difference between being a "record holder" and holding shares in "street name"?

A record holder holds shares in his or her name. Shares held in "street name" means shares that are held in the name of a bank or broker on a person's behalf.

Am I entitled to vote if my shares are held in "street name"?

Yes. If your shares are held by a bank or a brokerage firm, you are considered the "beneficial owner" of those shares held in "street name." If your shares are held in street name, these proxy materials are being provided to you by your bank or brokerage firm, along with a voting instruction card if you received printed copies of our proxy materials. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote your shares, and the bank or brokerage firm is required to vote your shares in accordance with your instructions.

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, online or by proxy, of the holders of a majority in voting power of the Common Stock issued and outstanding and entitled to vote on the Record Date will constitute a quorum.

Who can attend the 2019 Annual Meeting?

You may attend the online Annual Meeting only if you are a Selecta stockholder who is entitled to vote at the Annual Meeting, or if you hold a valid proxy for the Annual Meeting. The Annual Meeting will be held entirely online to allow greater participation. You will be able to attend the Annual Meeting online and submit your questions by visiting www.virtualshareholdermeeting.com/SELB2019. You also will be able to vote your shares electronically at the Annual Meeting.

To participate in the Annual Meeting, you will need the 16-digit control number included in your Internet Notice, on your proxy card or on the instructions that accompanied your proxy materials. The meeting webcast will begin promptly at 9:00 a.m., Eastern Time. We encourage you to access the meeting prior to the start time. Online check-in will begin at 8:55 a.m., Eastern Time, and you should allow ample time for the check-in procedures. If your shares are held in street name and you did not receive a 16-digit control number, you may gain access to and vote at the Annual Meeting by logging into your bank or brokerage firm's website and selecting the shareholder communications mailbox to access the meeting. The control number will automatically populate. Instructions should also be provided on the voting instruction card provided by your bank or brokerage firm. If you lose your 16-digit control number, you may join the Annual Meeting as a "Guest," but you will not be able to vote, ask questions, or access the list of stockholders as of the Record Date.

WHY A VIRTUAL MEETING?

We are excited to embrace the latest technology to provide expanded access, improved communication and cost savings for our stockholders and the Company. Hosting a virtual meeting will enable increased stockholder attendance and participation since stockholders can participate from any location around the world. You will be able to attend the Annual Meeting online and submit your questions by visiting www.virtualshareholdermeeting.com/SELB2019. You also will be able to vote your shares electronically at the Annual Meeting.

WHAT IF DURING THE CHECK-IN TIME OR DURING THE ANNUAL MEETING I HAVE TECHNICAL DIFFICULTIES OR TROUBLE ACCESSING THE VIRTUAL MEETING WEBSITE?

We will have technicians ready to assist you with any technical difficulties you may have accessing the virtual meeting website. If you encounter any difficulties accessing the virtual meeting website during the check-in or meeting time, please call the technical support number that will be posted on the Virtual Shareholder Meeting log in page.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, the Chairperson of the Annual Meeting may adjourn the Annual Meeting until a quorum is present or represented.

What does it mean if I receive more than one Internet Notice or more than one set of proxy materials?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each Internet Notice or set of proxy materials, please submit your proxy by phone, via the Internet, or, if you received printed copies of the proxy materials, by signing, dating and returning the enclosed proxy card in the enclosed envelope.

How do I vote?

We recommend that stockholders vote by proxy even if they plan to participate in the online Annual Meeting and vote electronically during the meeting. If you are a stockholder of record, there are three ways to vote by proxy:

- by Telephone - You can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
- by Internet - You can vote over the Internet at www.proxyvote.com by following the instructions on the proxy card; or
- by Mail - You can vote by mail by signing, dating and mailing the proxy card, which you may have received by mail.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., Eastern Time, on June 13, 2019. Stockholders may vote at the Annual Meeting by visiting www.virtualshareholdermeeting.com/SELB2019 and entering the 16-digit control number included on your proxy card or on the instructions that accompanied your proxy materials. The meeting webcast will begin promptly at 9:00 am, Eastern Time on June 14, 2019.

If your shares are held in street name through a bank or broker, you will receive instructions on how to vote from the bank or broker. You must follow their instructions in order for your shares to be voted. Telephone and Internet voting also may be offered to stockholders owning shares through certain banks and brokers. If your shares are held in street name and you would like to vote at the Annual Meeting, you may visit www.virtualshareholdermeeting.com/SELB2019 and enter the 16-digit control number included in the voting instruction card provided to you by your bank or brokerage firm. If you hold your shares in street name and you did not receive a 16-digit control number, you may need to log in to your bank or brokerage firm's website and select the shareholder communications mailbox to access the meeting and vote. Instructions should also be provided on the voting instruction card provided by your bank or brokerage firm.

Can I change my vote after I submit my proxy?

Yes.

If you are a registered stockholder, you may revoke your proxy and change your vote:

- by submitting a duly executed proxy bearing a later date;
- by granting a subsequent proxy through the Internet or telephone;
- by giving written notice of revocation to the Secretary of the Company prior to or at the Annual Meeting; or
- by voting electronically at the online Annual Meeting.

Your most recent proxy card or telephone or Internet proxy is the one that is counted. Your participation in the online Annual Meeting by itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote electronically at the online Annual Meeting.

If your shares are held in street name, you may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker, or you may vote electronically at the online Annual Meeting by following the instructions above.

Who will count the votes?

A representative of Broadridge Financial Solutions, Inc., our inspector of election, will tabulate and certify the votes.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors' recommendations are indicated on page 2 of this proxy statement, as well as with the description of each proposal in this proxy statement.

Will any other business be conducted at the Annual Meeting?

We know of no other business that will be presented at the Annual Meeting. If any other matter properly comes before the stockholders for a vote at the Annual Meeting, however, the proxy holders named on the Company's proxy card will vote your shares in accordance with their best judgment.

How many votes are required for the approval of the proposals to be voted upon and how will abstentions and broker non-votes be treated?

Proposal	Votes required	Effect of Votes Withheld/Abstentions and Broker Non-Votes
Proposal 1: Election of Directors	The plurality of the votes cast. This means that the two nominees receiving the highest number of affirmative "FOR" votes will be elected as Class III Directors.	Votes withheld and broker non-votes will have no effect.
Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm	The affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively.	Abstentions will have no effect. We do not expect any broker non-votes on this proposal.

What is an abstention and how will votes withheld and abstentions be treated?

A "vote withheld," in the case of the proposal regarding the election of directors, or an "abstention," in the case of the proposal regarding the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, represents a stockholder's affirmative choice to decline to vote on a proposal. Votes withheld and abstentions are counted as present and entitled to vote for purposes of determining a quorum. Votes withheld have no effect on the election of directors and abstentions have no effect on the ratification of the appointment of Ernst & Young LLP.

What are broker non-votes and do they count for determining a quorum?

Generally, broker non-votes occur when shares held by a broker in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters, such as the election of directors. Broker non-votes count for purposes of determining whether a quorum is present.

Where can I find the voting results of the 2019 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the Annual Meeting and we will report the final results in a Current Report on Form 8-K, which we intend to file with the SEC within four business days of the Annual Meeting.

Election of Directors

At the Annual Meeting, two (2) Class III Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2022 and until such director's successor is elected and qualified or until such director's earlier death, resignation or removal.

We currently have seven (7) directors on our Board, including two (2) Class III Directors. Our current Class III Directors are Carsten Brunn, Ph.D., who was appointed to serve on our Board in December 2018, and Timothy C. Barabe, who has served on our Board since 2016. Both members have been nominated for election as a Class III Director at the Annual Meeting. Proxies cannot be voted for a greater number of persons than the number of nominees named in this proposal.

The proposal regarding the election of directors requires the approval of a plurality of the votes cast. This means that the two nominees receiving the highest number of affirmative "FOR" votes will be elected as Class III Directors. Votes withheld and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

As set forth in our Restated Certificate of Incorporation, the Board of Directors is currently divided into three classes with staggered, three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. The current class structure is as follows: Class I, whose term will expire at the 2020 Annual Meeting of Stockholders and whose subsequent term will expire at the 2023 Annual Meeting of Stockholders; Class II, whose term will expire at the 2021 Annual Meeting of Stockholders and whose subsequent term will expire at the 2024 Annual Meeting of Stockholders; and Class III, whose current term expires at the Annual Meeting and whose new term will expire at the 2022 Annual Meeting of Stockholders. The current Class I Directors are Timothy Springer, Ph.D. and Patrick Zenner; the current Class II Directors are Omid Farokhzad, M.D., Amir Nashat, Ph.D. and Aymeric Sallin; and the current Class III Directors are Timothy C. Barabe and Carsten Brunn, Ph.D.

Our Restated Certificate of Incorporation and Amended and Restated Bylaws provide that the authorized number of directors may be changed only by resolution of the Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The division of our Board of Directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our Company. Our directors may be removed only for cause by the affirmative vote of the holders of at least two thirds of our outstanding voting stock entitled to vote in the election of directors.

There are no family relationships among any of our executive officers or directors.

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote the shares of Common Stock represented thereby for the election as Class III Directors of the persons whose names and biographies appear below. All of the persons whose names and biographies appear below are currently serving as our directors. In the event any of the nominees should become unable to serve, or for good cause will not serve, as a director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors or the Board may elect to reduce its size. The Board of Directors has no reason to believe that the nominees named below will be unable to serve if elected. Each of the nominees has consented to being named in this proxy statement and to serve if elected.

VOTE REQUIRED

The proposal regarding the election of directors requires the approval of a plurality of the votes cast. This means that the two nominees receiving the highest number of affirmative “FOR” votes will be elected as Class III Directors. Votes withheld and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

Ratification of Appointment of Independent Registered Public Accounting Firm

Our Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Our Board has directed that this appointment be submitted to our stockholders for ratification. Although ratification of our appointment of Ernst & Young LLP is not required, we value the opinions of our stockholders and believe that stockholder ratification of our appointment is a good corporate governance practice.

Ernst & Young LLP also served as our independent registered public accounting firm for the fiscal year ended December 31, 2018. Neither the accounting firm nor any of its members has any direct or indirect financial interest in or any connection with us in any capacity other than as our auditors, providing audit and non-audit related services. A representative of Ernst & Young LLP is expected to attend the Annual Meeting and to have an opportunity to make a statement and be available to respond to appropriate questions from stockholders.

In the event that the appointment of Ernst & Young LLP is not ratified by the stockholders, the Audit Committee will consider this fact when it appoints the independent auditors for the fiscal year ending December 31, 2020. Even if the appointment of Ernst & Young LLP is ratified, the Audit Committee retains the discretion to appoint a different independent auditor at any time if it determines that such a change is in the interest of the Company.

VOTE REQUIRED

This proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively. Abstentions are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal. Because brokers have discretionary authority to vote on the ratification of the appointment of Ernst & Young LLP, we do not expect any broker non-votes in connection with this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

Report of the Audit Committee of the Board of Directors

The Audit Committee has reviewed the Company's audited financial statements for the fiscal year ended December 31, 2018 and has discussed these financial statements with management and the Company's independent registered public accounting firm. The Audit Committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that such independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by statement on Auditing Standards No. 1301, as adopted by the Public Company Accounting Oversight Board ("PCAOB").

The Company's independent registered public accounting firm also provided the Audit Committee with a formal written statement required by PCAOB Rule 3526 (*Communications with Audit Committees Concerning Independence*) describing all relationships between the independent registered public accounting firm and the Company, including the disclosures required by the applicable PCAOB requirements regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from Selecta Biosciences, Inc. The Audit Committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to the Company is compatible with maintaining such firm's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

AUDIT COMMITTEE PRE-APPROVAL POLICY AND PROCEDURES

The Audit Committee has adopted a policy (the "Pre-Approval Policy") which sets forth the procedures and conditions pursuant to which audit and non-audit services proposed to be performed by the independent auditor may be pre-approved. The Pre-Approval Policy generally provides that we will not engage Ernst & Young LLP to render any audit, audit-related, tax or permissible non-audit service unless the service is either (i) explicitly approved by the Audit Committee ("specific pre-approval") or (ii) entered into pursuant to the pre-approval policies and procedures described in the Pre-Approval Policy ("general pre-approval"). Unless a type of service to be provided by Ernst & Young LLP has received general pre-approval under the Pre-Approval Policy, it requires specific pre-approval by the Audit Committee or by a designated member of the Audit Committee to whom the committee has delegated the authority to grant pre-approvals. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval. For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor should necessarily be determinative. On an annual basis, the Audit Committee reviews and generally pre-approves the services (and related fee levels or budgeted amounts) that may be provided by Ernst & Young LLP without first

obtaining specific pre-approval from the Audit Committee. The Audit Committee may revise the list of general pre-approved services from time to time, based on subsequent determinations. All of the services provided by Ernst & Young LLP during 2018 and 2017 were pre-approved.

Corporate Governance

GENERAL

Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics and charters for our Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee to assist the Board in the exercise of its responsibilities and to serve as a framework for the effective governance of the Company. You can access our current committee charters, our Corporate Governance Guidelines and our Code of Business Conduct and Ethics in the "Corporate Governance" section of the "Investors & Media" page of our website located at www.selectabio.com, or by writing to our Secretary at our offices at 480 Arsenal Way, Watertown, Massachusetts 02472.

BOARD COMPOSITION

Our Board of Directors currently consists of 7 members: Carsten Brunn, Ph.D., Timothy C. Barabe, Omid Farokhzad, M.D., Amir Nashat, Ph.D., Aymeric Sallin, Timothy Springer, Ph.D. and Patrick Zenner. As set forth in our Restated Certificate of Incorporation, the Board of Directors is currently divided into three classes with staggered, three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. Our Restated Certificate of Incorporation and Amended and Restated Bylaws provide that the authorized number of directors may be changed only by resolution of the Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The division of our Board of Directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our Company. Our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of our outstanding voting stock entitled to vote in the election of directors.

DIRECTOR INDEPENDENCE

All of our directors and Class III director nominees, other than Carsten Brunn, Ph.D. and Omid Farokhzad, M.D., qualify as "independent" in accordance with the listing requirements of The Nasdaq Global Select Market ("Nasdaq"). The Nasdaq independence definition includes a series of objective tests, including that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our Board of Directors has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. Dr. Brunn is not independent because he is the President and Chief Executive Officer of Selecta. Dr. Farokhzad is not independent because he receives consulting fees under the terms of his consulting agreements with Selecta. There are no family relationships among any of our directors or executive officers.

DIRECTOR CANDIDATES

The Nominating and Corporate Governance Committee is primarily responsible for searching for qualified director candidates for election to the Board and filling vacancies on the Board. To facilitate the search process, the Nominating and Corporate Governance Committee may solicit current directors and executives of the Company for the names of potentially qualified candidates or ask directors and executives to pursue their own business contacts for the names of potentially qualified candidates. The Nominating and Corporate Governance Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, or consider director candidates recommended by our stockholders. Once potential candidates are identified, the Nominating

and Corporate Governance Committee reviews the backgrounds of those candidates, evaluates candidates' independence from the Company and potential conflicts of interest and determines if candidates meet the qualifications desired by the Nominating and Corporate Governance Committee of candidates for election as a director.

In evaluating the suitability of individual candidates (both new candidates and current Board members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, may take into account many factors, including: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a public company; strong finance experience; experience relevant to the Company's industry; experience as a board member or executive officer of another public company; relevant academic expertise or other proficiency in an area of the Company's operations; diversity of expertise and experience in substantive matters pertaining to the Company's business relative to other board members; diversity of background and perspective, including, but not limited to, with respect to age, gender, race, place of residence and specialized experience; practical and mature business judgment, including, but not limited to, the ability to make independent analytical inquiries; and any other relevant qualifications, attributes or skills as may be determined by the Nominating and Corporate Governance Committee from time to time. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee may also consider the director's past attendance at meetings and participation in and contributions to the activities of the Board. Timothy C. Barabe, one of our Class III Director nominees, was recommended by Werner Cautreels, Ph.D., our former Chief Executive Officer.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials, to the Nominating and Corporate Governance Committee, c/o Secretary, Selecta Biosciences, Inc., 480 Arsenal Way, Watertown, Massachusetts 02472. In the event there is a vacancy, and assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

COMMUNICATIONS FROM STOCKHOLDERS

The Board will give appropriate attention to written communications that are submitted by stockholders to the Company, and will respond if and as appropriate. Our Secretary is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the directors as he or she considers appropriate. Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications. Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors in writing: c/o Secretary, Selecta Biosciences, Inc., 480 Arsenal Way, Watertown, Massachusetts 02472.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Our Amended and Restated Bylaws and Corporate Governance Guidelines provide our Board of Directors with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer in accordance with its determination that utilizing one or the other structure would be in the best interests of the Company. Currently, the role of Chairman of the Board is separate from the role of Chief Executive Officer, with Omid Farokhzad, M.D. serving as Chairman of the Board and Dr. Brunn serving as Chief Executive Officer. The Board evaluates whether the positions of Chairman of the Board and Chief Executive Officer should be combined or separated on an ongoing basis based on factors such as the experience of the applicable individuals and the current business environment of the Company. After considering these factors, the Board determined that continuing to separate the positions of Chairman and Chief Executive Officer was appropriate for the Company at this time.

If the Chairman of the Board is a member of management or does not otherwise qualify as independent, our Corporate Governance Guidelines provide for the appointment by the independent directors of a Lead Director. Since our Chairman of the Board has historically either been a member of management or does not otherwise qualify as independent, the independent directors elected Patrick Zenner as the Lead Director. The Lead Director's responsibilities include, but are not limited to, presiding over all meetings of the Board of Directors at which the Chairman of the Board is not present, including any executive sessions of the independent directors, approving the Board's meeting schedules and agendas, and acting as liaison between the independent directors of the Board and the Chief Executive Officer and the Chairman of the Board. Our Board of Directors is comprised of individuals with extensive experience in the biotechnology and pharmaceutical industries and, with the exception of Drs. Brunn and Farokhzad, is comprised of directors who meet the independence standards of Nasdaq. For these reasons and because of the strong leadership of Dr. Brunn as President and Chief Executive Officer and Dr. Farokhzad as Chairman of the Board, and the counterbalancing role of the Lead Director, our Board of Directors has concluded that our current leadership structure is appropriate at this time. However, our Board of Directors will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Risk assessment and oversight are an integral part of our governance and management processes. Our Board of Directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing the Company. Throughout the year, senior management reviews these risks with the Board of Directors at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks. Our Board of Directors does not have a standing risk management committee, but rather administers this oversight function directly through the Board of Directors as a whole, as well as through various standing committees of the Board of Directors that address risks inherent in their respective areas of oversight. In particular, our Board of Directors is responsible for monitoring and assessing strategic risk exposure, and our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements and considers and approves or disapproves any related person transactions. Our Nominating and Corporate Governance Committee monitors the effectiveness of the Corporate Governance Guidelines. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The Board does not believe that its role in the oversight of our risks affects the Board's leadership structure.

ANNUAL BOARD EVALUATION

Our Corporate Governance Guidelines require the Nominating and Corporate Governance Committee to periodically oversee an assessment of the Board and its committees.

CODE OF ETHICS

We have a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on our website, www.selectabio.com. In addition, we intend to post on our website all disclosures that are required by law or the rules of Nasdaq concerning any amendments to, or waivers from, any provision of the code.

ANTI-HEDGING POLICY

Our Board of Directors has adopted an Insider Trading Compliance Policy, which applies to all of our directors, officers and employees. The policy prohibits our directors, officers and employees and any entities they control from engaging in all hedging or monetization transactions, such as zero-cost collars and forward sale contracts.

ATTENDANCE BY MEMBERS OF THE BOARD OF DIRECTORS AT MEETINGS

There were twenty meetings of the Board of Directors during the fiscal year ended December 31, 2018. Our independent directors also had regularly scheduled executive sessions. During the fiscal year ended December 31,

2018, each director attended at least 75% of the aggregate of (i) all meetings of the Board of Directors and (ii) all meetings of the committees on which the director served during the period in which he served as a director, other than Amir Nashat, Sc.D.

Under our Corporate Governance Guidelines, which are available on our website at www.selectabio.com, a director is expected to spend the time and effort necessary to properly discharge his or her responsibilities. Accordingly, a director is expected to regularly prepare for and attend meetings of the Board and all committees on which the director sits (including separate meetings of the independent directors), with the understanding that, on occasion, a director may be unable to attend a meeting. A director who is unable to attend a meeting of the Board or a committee of the Board is expected to notify the Chairman of the Board or the Chairman of the appropriate committee in advance of such meeting, and, whenever possible, participate in such meeting via teleconference in the case of an in-person meeting. Currently, we do not maintain a formal policy regarding director attendance at the Annual Meeting; however, it is expected that absent compelling circumstances each director will attend. 7 of our then 8 directors attended the 2018 annual meeting of stockholders.

Committees of the Board

Our Board has established four standing committees--Audit, Compensation, Nominating and Corporate Governance, and Science--each of which operates under a written charter that has been approved by our Board.

The members of each of the Board committees and committee Chairs are set forth in the following chart.

- overseeing an evaluation of our senior executives;
- administering our cash and equity incentive plans;
- reviewing and making recommendations to our Board of Directors with respect to director compensation;
- reviewing and discussing annually with management our "Compensation Discussion and Analysis," if required; and
- preparing the annual compensation committee report, if required by SEC rules.

The Compensation Committee has the authority to retain or obtain the advice of compensation consultants, legal counsel and other advisors to assist it in carrying out its responsibilities.

The Compensation Committee may delegate its authority under its charter to one or more subcommittees as it deems appropriate from time to time as further described in its charter, which is available on our website at www.selectabio.com. The Compensation Committee may also delegate to an officer the authority to grant equity awards to certain employees, as further described in its charter and subject to the terms of our equity plans.

In 2018, the Compensation Committee engaged Radford Survey and Consulting, an Aon Hewitt company and compensation consulting firm ("Radford"), to assess and make recommendations with respect to the amount and types of compensation to provide our executives and directors. Radford reported directly to the Compensation Committee; however, our Chief Executive Officer consulted with Radford with respect to its assessments of the compensation of executive officers other than the Chief Executive Officer. The Compensation Committee reviewed compensation assessments provided by Radford comparing our compensation to that of a group of peer companies within our industry and met with Radford to discuss compensation of our executive officers and our Board, including the Chief Executive Officer, and to receive input and advice. The Compensation Committee has considered the adviser independence factors required under SEC rules as they relate to Radford and does not believe Radford's work in 2018 raised a conflict of interest.

The Compensation Committee charter is available on our website at www.selectabio.com. The members of our Compensation Committee are Amir Nashat, Sc.D., Aymeric Sallin and Patrick Zenner. Patrick Zenner serves as Chairperson of the committee. Our Board of Directors has determined that each of Dr. Nashat, Mr. Sallin and Mr. Zenner is independent under the applicable SEC and Nasdaq rules, including the heightened standard for independence specific to members of a compensation committee, and is a "non-employee director" as defined in Rule 16b-3 promulgated under the Exchange Act.

In 2018, the Compensation Committee met seven times.

- developing and recommending to our Board of Directors corporate governance principles; and
- overseeing a periodic assessment of our Board of Directors.

The Nominating and Corporate Governance Committee charter is available on our website at www.selectabio.com. The members of our Nominating and Corporate Governance Committee are Patrick Zenner and Timothy Springer, Ph.D. Mr. Zenner serves as the Chairperson of the committee. NARRATIVE DISCLOSURE TO SUMMARY COMPENSATION TABLE

The primary elements of compensation for our named executive officers are base salary, annual performance bonuses and equity-based compensation awards. The named executive officers also participate in employee benefit plans and programs that we offer to our other full-time employees on the same basis.

Base Salaries

We pay our named executive officers a base salary to compensate them for the satisfactory performance of services rendered to the Company. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities. Base salaries for our named executive officers have generally been set at levels deemed necessary to attract and retain individuals with superior talent and were originally established in each named executive officer's employment agreement.

At the end of 2017, the compensation committee of our Board of Directors, or the Compensation Committee, recommended to the Board of Directors, and the Board of Directors approved increasing Dr. Cautreels' annual base salary from \$460,000 to \$474,000, effective as of January 1, 2018. Dr. Leaman and Mr. Smolinski did not receive base salary increases for 2018. On September 25, 2018, Dr. Brunn entered into an employment agreement with the Company that provided for an annual base salary of \$550,000.

At the end of 2018, the Compensation Committee recommended to the Board of Directors, and the Board of Directors approved an increase in Mr. Smolinski's base salary from \$320,000 to \$332,092 for 2019. Drs. Leaman and Brunn did not receive a base salary increase for 2019.

Performance Bonuses

We offer our named executive officers the opportunity to earn annual cash bonuses to compensate them for attaining short-term company and individual performance goals. Each named executive officer has an annual target bonus that is expressed as a percentage of his annual base salary. The 2018 target bonus amount for Dr. Cautreels was 45% of his base salary and for Mr. Smolinski was 40% of his base salary. Under the terms of his employment agreement, beginning in 2018 Dr. Leaman was eligible for an annual performance bonus targeted at 40% of his annual base salary and an additional annual special achievement bonus of up to 10% of his annual base salary; provided that Dr. Leaman's annual bonus for 2018 would not be less than \$162,500 if he remained employed by the company through December 31, 2018. Pursuant to Dr. Brunn's employment agreement, Dr. Brunn was eligible to receive a discretionary bonus amount for the portion of 2018 during which he was employed, and beginning in 2019, is eligible to receive an annual performance bonus targeted at 50% of his annual base salary.

Our Compensation Committee, based upon the recommendation of our Chief Executive Officer, establishes Company performance goals each year and, at the completion of the year, generally determines actual bonus payouts after assessing Company performance against these goals and each named executive officer's individual performance and contributions to the Company's achievements. For 2018, bonuses were determined solely based on Company performance. The 2018 Company performance goals were based on advancing the Company's pipeline, making business development advancements, and goals related to the Company's financials.

Pursuant to the terms of the separation agreement that the Company entered into with Dr. Cautreels, in connection with his retirement, Dr. Cautreels was eligible to receive 100% of his annual bonus for 2018 based on actual performance. Dr. Leaman received an annual bonus of \$162,500 in accordance with the terms of his employment agreement. Dr. Brunn's annual bonus was determined in the discretion of the Board of Directors pursuant to the terms of his employment agreement.

The actual cash bonuses earned by Dr. Cautreels and Mr. Smolinski for 2018 are reported under the "Non-equity incentive plan compensation" column and Dr. Brunn's and Dr. Leaman's annual bonuses are reported under the "Bonus" column of the 2018 Summary Compensation Table above.

Equity Compensation

We grant stock option awards to our named executive officers as a long-term incentive component of their compensation. We have historically granted stock option awards to named executive officers when they commenced employment with us and have from time to time thereafter made additional grants as, and when, our Board of Directors determined appropriate to recruit, retain or reward particular named executive officers.

In connection with our initial public offering, we adopted and our stockholders approved a 2016 Incentive Award Plan (the "2016 Plan") to facilitate the grant of cash and equity incentives to our directors, employees (including our named executive officers) and consultants and to enable the Company to obtain and retain the services of these individuals, which we believe are essential to our long-term success. Following the effective date of our 2016 Plan, we stopped making grants under our 2008 Stock Incentive Plan (the "2008 Plan"). However, the 2008 Plan continues to govern the terms and conditions of the outstanding awards granted under the 2008 Plan.

We also maintain a 2018 Employment Inducement Incentive Award Plan (the "2018 Plan"), which was adopted by the Board on September 25, 2018 without stockholder approval pursuant to Rule 5635(c)(4) of the Nasdaq Stock Market LLC listing rules ("Rule 5635(c)(4)") and provides for the grant of equity-based awards in the form of non-qualified stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards and other stock or cash based awards. In accordance with Rule 5635(c)(4), awards under the 2018 Plan may only be made to a newly hired employee who has not previously been a member of the Board, or an employee who is being rehired following a bona fide period of non-employment by the Company, as a material inducement to the employee's entering into employment with the Company.

Our stock option awards have an exercise price at least equal to the fair market value of our common stock on the date of grant and typically vest as to 25% of the underlying shares on the first anniversary of the date of grant and in equal monthly installments over the following 36 months, subject to the holder's continued employment with us and potential accelerated vesting in certain circumstances, including as described below for our named executive officers in the section titled "Potential payments upon a change in control." From time to time, our Board of Directors may also construct alternate vesting schedules as it determines are appropriate to motivate particular employees. Our stock option awards may be intended to qualify as incentive stock options under the Code. The 2008 Plan, generally permits "early exercise" of any unvested portion of an option in exchange for shares of restricted stock subject to the same vesting schedule as the stock option. Options granted under the 2016 Plan or the 2018 Plan to date do not currently allow "early exercise" of the unvested portion.

In June 2018, we granted to Dr. Leaman and Mr. Smolinski option to purchase 50,000 and 80,000 shares of our common stock, respectively, under the 2016 Plan. Such options vest as to 25% of the total shares underlying the option on the first anniversary of the grant date and in equal monthly installments over the ensuing 36 months, subject to the executive's continued service with us through the applicable vesting date. In December 2018, pursuant to Dr. Brunn's employment agreement, we granted to Dr. Brunn a new hire equity award consisting of an option to purchase 1,000,000 shares of common stock and 175,000 restricted stock units under the 2018 Plan. The option and restricted stock units vest over a four-year period, with 25% vesting on the first anniversary of Dr. Brunn's employment commencement date and the remaining 75% vesting, with respect to the option, in 36 equal monthly installments thereafter or, with respect to the restricted stock units, in 12 equal installments occurring every three months thereafter, in each case, subject to Dr. Brunn's continued service on each applicable vesting date.

Retirement, Health, Welfare and Additional Benefits

Our named executive officers are eligible to participate in our employee benefit plans and programs, including medical and dental benefits, flexible spending accounts, long-term care benefits, and short- and long-term disability and life insurance, to the same extent as our other full-time employees, subject to the terms and eligibility requirements of those plans.

We sponsor a 401(k) defined contribution plan in which our named executive officers may participate, subject to limits imposed by the Code, to the same extent as our other full-time employees. Currently, we match 50% of contributions made by participants in the 401(k) plan up to a maximum Company match of \$3,400 per year. All matching contributions are subject to vesting at the rate of 25% per year of service.

The number of shares shown for these stock options as exercisable or unexercisable represents the number of shares issuable on exercise of the options that are vested and unvested, respectively. All stock option awards with a grant date on or after June 21, 2016 do not permit early exercise, and with the exception of the stock option and restricted stock unit awards granted to Carsten Brunn on December 1, 2018 (the "Brunn Grant"), were granted under the 2016 Plan. The Brunn Grant was made under the 2018 Plan.
- (2) All options vest as to 25% of the total shares underlying the option on the first anniversary of the vesting commencement date and in equal monthly installments over the ensuing 36 months, subject to the holder's continued employment with us through the applicable vesting date and potential accelerated vesting in the event of a termination without cause or resignation for good reason within 12 months following a change in control.

EMPLOYMENT AND SEPARATION AGREEMENTS

We have entered into employment agreements with each of our named executive officers. The agreements entitle our named executive officers to receive annual base salaries and target bonus opportunities, the current amounts of which are described above under the headings "Base salaries" and "Performance bonuses," as well as certain other payments and benefits, as described below. We also entered into a separation agreement with Mr. Cautreels in connection with his resignation in November 2018, and a transition and separation agreement with Mr. Leaman in connection with his resignation in March 2019.

Severance Provisions

The employment agreements provide that if we terminate the named executive officer without "cause" or the named executive officer resigns for "good reason," subject to his timely executing a release of claims in our favor and continued compliance with a separate restrictive covenant agreement, he is entitled to receive (i) base salary continuation for a period of 12 months, (ii) a prorated portion of the annual bonus he would otherwise have earned

for the year of termination, based on actual performance for the full year, or, if the termination occurs during the first quarter of the calendar year, based on his target bonus and (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months. If such termination occurs within the 12 months following or the 60 days preceding a change in control, each named executive officer would be entitled to receive, in addition to the foregoing payments and benefits, accelerated vesting of such named executive officer's outstanding unvested Company equity awards that vest solely based on the passage of time. The Company must provide a named executive officer 30 days' notice, or pay in lieu of notice, in the event we terminate such named executive officer for any reason other than "cause."

For purposes of the employment agreements, "cause" generally means, subject to applicable cure rights, the named executive officer's (i) commission of, or indictment or conviction of, any felony or any crime involving dishonesty; (ii) participation in any fraud against the Company; (iii) intentional damage to any Company property; (iv) misconduct which materially and adversely reflects upon the business, operations, or reputation of the Company; or (v) breach of any material provision of the employment agreement or any other written agreement with the Company. "Good reason" generally means, subject to the Company's cure rights, the occurrence of any of the following, without the named executive officer's written consent (i) a material reduction in his base salary or bonus opportunity; (ii) a material diminution in his authority, title, duties or areas of responsibility; (iii) the requirement that he report to someone other than the Board of Directors with respect to our Chief Executive Officer or the Chief Executive Officer with respect to our other named executive officers; (iv) the relocation of his primary office to a location more than 40 miles from the Boston metropolitan area; or (v) a material breach by the Company of the employment agreement or any other written agreement with the named executive officer.

Additional Terms and Conditions

We entered into the employment agreement with Dr. Brunn in connection with his commencement of employment as our President and Chief Executive Officer in September 2018, which provides for an annual base salary of an annual base salary of \$550,000 and, beginning in 2019, an annual performance bonus targeted at 50% of his annual base salary. For the portion of 2018 during which he was employed, Dr. Brunn was eligible to receive a discretionary bonus in an amount determined by the Board. Dr. Brunn was also entitled to receive (i) a one-time signing bonus of \$75,000, (ii) a stipend of \$6,000 per month for up to seven months following his employment commencement date to offset the costs of travel and commuting expenses incurred in performing his duties for the Company and (iii) direct payment of, or reimbursement for, up to \$75,000 in moving expenses incurred in connection with his relocation to the greater Boston, Massachusetts area. In the event Dr. Brunn's employment is terminated by the Company for cause or he resigns without good reason, in either case, within 12 months of his employment commencement date, he will be obligated to repay the full amount of his signing bonus and any travel stipend or moving expense reimbursements. Dr. Brunn also received a new hire equity award of options and restricted stock units pursuant to his employment agreement, as described above under Equity Compensation.

Pursuant to his employment agreement, beginning in 2018, Dr. Leaman was eligible to receive an annual performance bonus targeted at 40% of his annual base salary and an additional annual special achievement bonus of up to 10% of his annual base salary, provided that his annual bonus for 2018 would not be less than \$162,500 if he remained employed by the Company through December 31, 2018. Dr. Leaman was also entitled to receive (i) additional payments of \$7,000 per month for up to 12 months following the commencement of his employment in October 2017 to offset the costs of travel between his primary residence in Pennsylvania and the Company's offices in Watertown, Massachusetts in performing his duties for the Company and (ii) direct payment of, or reimbursement for, up to \$75,000 in moving expenses incurred in connection with his relocation to the greater Boston, Massachusetts area. In the event Dr. Leaman's employment was terminated by the Company for cause or he resigned without good reason, in either case, within 12 months of his employment commencement date, he would have been obligated under the agreement to repay the full amount of any travel stipend or moving expense reimbursements.

Pursuant to his employment agreement, we also provide Mr. Smolinski with reimbursement of expenses incurred for travel between his primary residence in New Jersey and our offices in Massachusetts, up to a maximum amount of \$6,100 monthly. We also provide Mr. Smolinski with a tax gross-up to offset the tax liability incurred for such reimbursement.

We have also entered into non-disclosure, non-competition and assignment of intellectual property agreements with the named executive officers pursuant to which each of Drs. Cautreels, Brunn and Leaman and Mr. Smolinski agree to refrain from engaging in direct competition with us or soliciting our employees, in each case, while employed and

following his termination of employment for any reason for a period of 12 months, as more fully set forth in the applicable agreement(s). For Dr. Brunn, during the period following his employment that he is subject to the non-competition covenants, and subject to limited exceptions, the Company has agreed to provide Dr. Brunn with garden leave pay at a rate that equals 50% of his highest annual base salary within the two years prior to his termination, consistent with the Massachusetts Noncompetition Agreement Act.

Separation Arrangement with Dr. Cautreels

In connection with his retirement, Dr. Cautreels entered into a separation agreement with the Company pursuant to which Dr. Cautreels became eligible to receive the severance payments and benefits described in his employment agreement with the Company, subject to the terms and conditions therein, except that (i) in lieu of base salary continuation for a period of 12 months, Dr. Cautreels received a cash payment equal to \$237,000, payable in equal installments over the 6-month period beginning December 1, 2018 and (ii) in lieu of a prorated portion of his annual bonus for calendar year 2018, Dr. Cautreels received 100% of his annual bonus for 2018 based on actual performance as determined by the Board. In addition, Dr. Cautreels was eligible to receive Company payment of premiums to continue his health and long-term care coverage for 12 months.

The Company also entered into a consulting agreement with Dr. Cautreels pursuant to which Dr. Cautreels provides consulting and advisory services to the Company until November 30, 2019. The consulting agreement may be terminated earlier by either party for a material breach of the agreement or by the Company for any or no reason. Dr. Cautreels will not receive additional compensation under the consulting agreement for performing any consulting services, except that any equity or equity-based compensation awards of the Company held by Dr. Cautreels will continue to vest and, if applicable, become exercisable in accordance with their terms during the term of the Consulting agreement. In addition, as approved by the Board, Dr. Cautreels' options to purchase shares of the common stock of the Company that are outstanding, vested and exercisable as of the expiration of the term of the consulting agreement will remain outstanding and exercisable for 180 days following such expiration, provided that, in no event will any option be exercisable after the final expiration date of the option and each option will remain subject to earlier termination in connection with a corporate transaction or event in accordance with the documents governing such option.

Separation Arrangement with Dr. Leaman

In connection with his resignation in March 2019, the Company entered into a transition agreement with Dr. Leaman which provides that, subject to Dr. Leaman's continued compliance with certain restrictive covenants and execution of a general release of claims, Dr. Leaman will be entitled to receive (i) continued payment of his annual base salary through December 31, 2019, (ii) a lump sum payment of a portion of his annual bonus for 2019 in the amount of \$97,500, (iii) direct payment of continued medical, dental or vision coverage pursuant to COBRA for up to 9 months, and (iv) immediate vesting of his outstanding unvested stock options that would have vested based solely on his continued service if he had continued providing services to the Company until December 31, 2019 and extension of the right to exercise any vested stock options (after giving effect to the foregoing accelerated vesting) until March 31, 2020.

POTENTIAL PAYMENTS UPON A CHANGE IN CONTROL

In addition to the accelerated vesting provisions provided in the named executive officers' employment agreements, the agreements governing the named executive officers' unvested stock options granted under the 2008 Plan provide for full accelerated vesting if the named executive officers' employment is terminated by us without cause or if they resign for good reason, in either case, within 12 months following a change in control.

DIRECTOR COMPENSATION

We maintain a compensation program for our non-employee directors, which was last amended effective June 15, 2018, under which each non-employee director receives the following amounts for their services on our Board of Directors:

Initial Equity Award. Upon a director's initial election or appointment to our Board of Directors, the director receives an option to purchase 20,000 shares of our common stock, which award vests in substantially equal monthly installments over three years following the date of grant, subject to accelerated vesting upon a change in control.

Annual Equity Award. If a director has served on our Board of Directors for at least six months as of the date of an annual meeting of stockholders, the director receives an option to purchase 10,000 shares of our common stock on the date of the annual meeting, which award vests in a single installment on the earlier of the day before the next annual meeting or the first anniversary of the date of grant, subject to accelerated vesting upon a change in control. If such non-employee director serves as the Chairperson of the Board as of immediately following the date of such annual meeting, that non-employee director receives an option to purchase 15,404 shares of our common stock on the date of such annual meeting, subject to the same vesting terms.

Certain Relationships

POLICIES AND PROCEDURES FOR RELATED PERSON TRANSACTIONS

Our Board of Directors has adopted a written Related Person Transaction Policy and Procedures, setting forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K of the Securities Act of 1933, as amended, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we (including any of our subsidiaries) are, were or will be a participant, where the amount involved exceeds \$120,000 in any fiscal year and a related person has, had or will have a direct or indirect material interest. Our finance team is primarily responsible for developing and implementing procedures to obtain information regarding potential related person transactions and for determining whether a related person transaction requiring compliance with our policy exists. Our Chief Financial Officer then presents the related person transaction to our Audit Committee. In the absence of an appointed Chief Financial Officer, our management has determined that the Company's Controller will present any such related person transactions to our Audit Committee. In reviewing and approving any such transaction, our Audit Committee considers all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's length transaction, the extent of the related person's interest in the transaction and the conflicts of interest and corporate opportunity provisions under our Code of Business Conduct and Ethics. No director may participate in approval of a related person transaction in which he or she is a related person. Our Audit Committee may also ratify related person transactions that were entered into by management because pre-approval was not feasible and transactions that were not initially recognized as related person transactions. If these transactions are not ratified, our management must make all reasonable efforts to cancel or annul such transactions. Our management must update our Audit Committee on material changes to any approved or ratified related person transaction and provide an annual status report on all then-current related person transactions. The following are certain transactions, arrangements and relationships with our directors, executive officers and stockholders owning 5% or more of our outstanding Common Stock.

INVESTORS' RIGHTS AGREEMENT

We entered into an amended and restated investors' rights agreement in April 2014, which was further amended in July 2014, August 2015 and June 2016 with our director, Omid Farokhzad, the holders of our preferred stock, including entities in which certain other of our directors or former directors are related, and certain other stockholders. The agreement provides for certain rights relating to the registration of such holders' common stock, including shares issuable upon conversion of preferred stock, and a right of first refusal to purchase future securities sold by the Company.

CONSULTING AGREEMENTS

In December 2008, we entered into a consulting agreement with director Omid Farokhzad, M.D., as amended in January 2012, which provides for an annual payment of \$75,000 to Dr. Farokhzad.

The consulting agreement with Dr. Farokhzad provides that we may terminate the agreement at any time, but must deposit with an escrow agent the consulting fees for the prior 90 days which would then be payable to Dr. Farokhzad post-termination. The agreement may also be terminated without penalty by both parties upon mutual consent or by Dr. Farokhzad with 30 days' prior written notice. The agreement contains provisions regarding intellectual property assignment, confidentiality, noncompetition and nonsolicitation.

In May 2018, the Company entered into a second consulting agreement with Dr. Farokhzad for a term beginning on April 1, 2018 and ending on March 31, 2019, which may be terminated by the Company at any time for any reason. Under the second consulting agreement, in exchange for his services, Dr. Farokhzad received an option to

purchase 95,000 shares of our common stock, which vests as to one-third of the shares subject to the option on May 30, 2019 and as to the remaining shares in 24 equal monthly installments thereafter, subject to his continued service as a director. In the event Dr. Farokhzad is terminated as a director without cause or he resigns from the Board for good reason (each, as defined in the option agreement) or in the event of a change in control, the option will vest in full. Such consulting agreement was further amended in December 2018 to extend the term until December 31, 2019. Under the amendment, Dr. Farokhzad is entitled to receive an annual fee of \$85,000 for his service in 2019 and received an option to purchase an additional 75,000 shares of our common stock, which vests as to one-third of the shares subject to the option on November 30, 2019 and as to the remaining shares in 18 month installments thereafter, subject to his continued service as a director and further subject to the same accelerated vesting provisions as his prior option. For more information, see the section in this proxy statement entitled Executive and Director Compensation-Director Compensation.

EMPLOYMENT AGREEMENTS

We have entered into employment agreements with our named executive officers. For more information regarding these agreements, see the section in this proxy statement entitled "Executive and Director Compensation-Employment Agreements."

INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with each of our directors and executive officers. These agreements, among other things, require us or will require us to indemnify each director (and in certain cases their related venture capital funds) and executive officer to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts incurred by a director or an executive officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of such person's services as a director or executive officer.

All Reporting Persons are required by SEC regulation to furnish us with copies of all reports that such Reporting Persons file with the SEC pursuant to Section 16(a). Based solely on our review of the copies of such forms received by us and upon written representations of the Reporting Persons received by us, we believe that there has been compliance with all Section 16(a) filing requirements applicable to such Reporting Persons with respect to the year ended December 31, 2018, but note the following late Form 4 filings in 2019: Omid Farokhzad, M.D. relating to one transaction in January 2019; Takashi Kei Kishimoto, Ph.D. relating to one transaction in January 2019; and Timothy A.
