

Selecta Biosciences to Participate at the William Blair Biotech Focus Conference 2021

July 8, 2021

WATERTOWN, Mass., July 08, 2021 (GLOBE NEWSWIRE) -- Selecta Biosciences, Inc. (NASDAQ: SELB), a biotechnology company leveraging its clinically validated ImmTOR™ platform to develop tolerogenic therapies that selectively mitigate unwanted immune responses, today announced that Selecta's Chief Executive Officer, Carsten Brunn, Ph.D., will participate in one-on-one investor meetings and Chief Science Officer, Takashi Kei Kishimoto, Ph.D., will participate in a panel discussion at the William Blair Biotech Focus Conference 2021 to be held virtually, July 14-15.

Details on the panel can be found below.

Title: Delivery and Durability of Genetic Medicines

Date & Time: Thursday, July 15 at 10:00 a.m. ET

About Selecta Biosciences, Inc.

Selecta Biosciences Inc. (NASDAQ: SELB) is a clinical stage biotechnology company leveraging its ImmTOR™ platform to develop tolerogenic therapies that selectively mitigate unwanted immune responses. With a proven ability to induce tolerance to highly immunogenic proteins, ImmTOR has the potential to amplify the efficacy of biologic therapies, including redosing of life-saving gene therapies, as well as restore the body's natural self-tolerance in autoimmune diseases. Selecta has several proprietary and partnered programs in its pipeline focused on enzyme therapies, gene therapies, and autoimmune diseases. Selecta Biosciences is headquartered in the Greater Boston area. For more information, please visit www.selectabio.com.
